PREFACE

The Sentencing Advisory Commission is pleased to publish a User Guide to the Recommended Sentences. The guide is designed to enable users quickly find the recommended sentence. In addition to the comprehensive list of Recommended Sentences, the guide includes the necessary background information that explains the construction of the recommended sentences, details of alternative sentencing and a summary of the statutes that affect sentencing in Missouri.

The User Guide supplements the sentencing information that was included in the 2005 Report and Implementation Update (published June 30, 2005) by providing recommended sentences for new offenses for which the Department of Corrections has no sentencing data. These new offenses have been given medium severity until there is sufficient sentencing data to calculate a severity measure. The new offenses include those that have been created or modified during the 2005 Legislative Session.

In the 2005 legislative session two new DWI offenses (aggravating and chronic offenders) were created that have required the construction of additional Recommended Sentences Matrices in the DWI offense group for class A and B felonies.

The offenses are classified by the Missouri system of charge codes that is maintained by the Office of the State Courts Administrator.

The information in this User Guide is available, in automated format, on line at the Missouri Sentencing Commission's web site, www.mosac.mo.gov; click on "Automated Sentencing Information." The website also has up-to-date information on Missouri Alternative Sentencing Resources. This includes information on community-based sentencing alternatives as well as options available through the Department of Corrections.

THE SYSTEM OF RECOMMENDED SENTENCES

Judicial discretion is the cornerstone of sentencing in Missouri courts. We said that in the 2004 report, and its truth is borne out in our experience in this year of implementation. The Sentencing Advisory Commission believes that sentencing in Missouri is at its best when the decision makers have accurate and timely information about the offender, the offenses and the options available for sentencing.

Section 558.019.6 RSMo. required the Missouri Sentencing Advisory Commission to review and publish a system of recommended sentences on or before July 1, 2004 and again before July 1, 2005. The next report will then be published by July 1, 2007. The statute also directs the commission to consider the feasibility of incorporating alternative sentences, prison work programs, work release, home-based incarceration and probation and parole options into the recommended sentences. The full text of Section 558.019.6 RSMo is included here as Appendix A, page 126.

The goal of these Sentencing Recommendations, which are consistent with Section 558.019.6 RSMo. and the other statutes on sentencing, is to achieve a system of sentencing that is fair, protects the public and uses corrections resources wisely. One goal of the Sentencing Advisory Commission is to reduce sentencing disparity. However, achieving that goal has often proven to be elusive because disparities in sentencing often are the result of differences between offenders and in the circumstances of their crimes.

The commission builds upon the work of the previous commission whose Advisory Sentencing Guidelines were promulgated in 1998. The commission has examined data and studies of the use and deviations from those guidelines.¹

The Sentencing Recommendations are **averages**, based upon current sentencing and corrections practices in the state as a whole. They provide:

1. **Criminal history and risk assessment.** The recommendations use an indicator of prior criminal history to determine the recommended sentence and a modified version of the salient risk factors used by the Missouri Board of Probation and

4

The commission decided to abandon the use of the phrase "sentencing guidelines" because the same phrase is used in the federal courts to describe a system that is entirely different from the sentencing system in Missouri courts. The commission labels its work as Sentencing Recommendations because that is what they are. They are not compulsory. The Missouri Sentencing Advisory Commission does not support a federal style guidelines system. In fact, the federal system has been rendered voluntary by the US Supreme Court decisions in Blakely (6/24/04) and Booker (1/12/05)

- Parole to determine eligibility for release on parole. The risk factors have been validated by statistical studies of Missouri incarcerated offenders.
- 2. **Grouping of offenses.** The recommendations arrange the offenses in groups in the same manner as the offenses are categorized by statute and by the Board of Probation and Parole. The grouping reflects similarity in sentencing practice.
- **3. Severity of offenses.** Within each group of offenses, the crimes are arranged in categories of severity from High to Medium to Low. Severity of offenses was determined by examining the actual sentences imposed for each crime in the recent five-year period. The intention of the severity level is to ensure that offenses within the same felony class and offense group can be given similar sentences.
- 4. Aggravating and mitigating offense circumstances
 - Aggravating and mitigating circumstances are specific to each offense group. They are concerned with issues of victim impact and with offender willingness to make restitution or to address rectification of criminally related behavior, such as substance abuse treatment.
- 5. **Sentencing recommendations.** These are based upon data on *sentences from throughout the state*. The data on sentences for the prior year are included for each category of offense. Recommended sentences are given for the presumptive situation and for mitigating and aggravating circumstances

Sentencing Assessments

Following a proposal by the Missouri Department of Corrections and the Board of Probation and Parole, the system of providing pre-sentence information to courts and attorneys will be modified as follows:

The probation and parole officer is to provide the attorneys and the court a Sentencing Assessment Report within a time frame approved by the judge. The Sentencing Assessment Report will contain basic information on the offender and the offense, as well as the impact on the victim, and will provide the court and counsel with:

- 1. A rating of prior criminal history and the risk of re-offending, by using the offender risk factors as set forth in these Sentencing Recommendations;
- 2. An analysis of non-prison sentencing alternatives (where appropriate);
- 3. A recommendation for sentencing in accordance with these Sentencing Recommendations, and
- 4. Where a prison sentence is indicated, the report will indicate what percentage of the sentence must be served before the offender is eligible for a parole guideline release, and the percent of sentence that offenders with that sentence and risk rating actually served before parole.

The commission thanks the Missouri Department of Corrections and the Board of Probation and Parole for their willingness to integrate these recommendations into their work.

The commission is aware that, in many cases, the sentence is the result of a plea agreement. The information in the pages that follow will be useful in determining appropriate dispositions in plea-agreed cases. Counsel and courts should be aware that, although a plea agreement is done before entry of a plea and preparation of a Sentencing Assessment Report, a probation and parole officer or prison official would prepare a report in any event. This will help guide probation and parole officers in supervising those on probation or other community-based sentences or prison officials who will be responsible for finding the proper placement for those sentenced to prison.

The commission supports the use of drug courts and other diversionary programs like faith-based restorative justice projects for appropriate non-violent offenders. Drug courts have been found to be more effective and efficient than either incarceration or probation without a treatment component in dealing with individuals whose criminal behavior is primarily the result of illegal drug abuse (*A Cost-Benefit Analysis of the St Louis City Adult Felony Drug Court*, Institute of Applied Research, 2004; *Multi-Jurisdictional Enhancement for Missouri Drug Courts*, University of Missouri-Columbia School of Social Work, 2001). Although not a focus of this study, we note that there are 70 operational drug court programs in Missouri; 2,100 active drug court participants; 3,200 drug court graduates; a 60% retention rate for individuals in drug court; a 10% recidivism rate for individuals who have graduated from drug court; and 144 drug-free babies who have been born to drug court participants. The Sentencing Recommendations modify the terminology of probation to reflect different kinds of sentences. "Probation", in its traditional usage, means anything from minimal supervision to intensive supervision, electronic monitoring, or various other alternatives. These recommendations use the following terms to describe these different kinds of non-prison sentences:

Probation: Supervision in the community with periodic contact with a probation officer.

Community Structured Sentence (CSS): This is a non-prison sentence that is served in the community under a plan of strict supervision. It may include home-based incarceration (electronic monitoring) or other strategies for community supervision and may also require the offender to attend substance abuse or other community rehabilitative programs.

Institutional Shock or Treatment Programs (Shk/Trt): These include a variety of options under the shock probation statute, Section 559.115 RSMo, or other institution-based programs, as listed in section 4, Recommended Sentence References.

The commission hopes that judges and attorneys will find these recommendations and system changes, to be useful. Comments and suggestions are welcome so that the commission and the Department of Corrections can consider changes that seem desirable in light of experience in using these recommendations.

MISSOURI SENTENCING LAWS

The following references are made to statutes that define either the sentence disposition, the range within which an authorized sentence can be set or the incarceration time. The Revised Missouri Statutes are available online at http://www.moga.state.mo.us/homestat.asp. Reference can also be made to the Missouri Board of Probation and Parole booklet on Procedures Governing the Granting of Paroles and Conditional Release,

Authorized dispositions for felony convictions include a term of imprisonment, a fine (if the offense is a class C or D felony, Section 560.011 RSMo.) and a period of probation. In addition, the execution of the sentence may be suspended and the person placed on probation or the imposition of the sentence may be suspended, with or without placing the person on probation (Section 557.011 RSMo.).

The Missouri statutes have provisions for enhanced sentencing when an offender is deemed to be a prior and persistent recidivist, and for a minimum prison time when the offender is deemed to be a recidivist or has been convicted of a dangerous felony. Unless specifically excluded by statute, felony convictions can be sentenced to either probation or to a prison sentence (559.012 RSMo.). In Missouri, a probation term is often accompanied with a suspended prison sentence. When probation is revoked, the prison sentence can be imposed or the offender can be sentenced under the 120-day statutes.

<u>Recidivists</u> The recommended sentence for an offender sentenced as a persistent offender (Section 558.016 RSMo.) is the recommended sentence for the same offense group one felony class higher than the statutory defined felony class. The same offense group and level of severity applies. If the offense is Class A then the offense severity is increased by one level, unless the offense is High severity. The offense group DWI has recommended sentences for persistent offenders because there are no Class C DWI offenses upon which to calculate average sentences.

Attempt, Accessory or Conspiracy to Commit an Offense (inchoate)

http://www.doc.missouri.gov/pdf/Blue%20book.pdf.

Offenders convicted of the attempt or conspiracy are sentenced in accordance with Sections 564.011 and 564.016 RSMo. The sentencing recommendations include sentences at one felony class lower than the commitment of the offense for the same offense group and level of severity.

Sentencing Statutes

Section 558.011 RSMo. Authorized terms of imprisonment including conditional release:

Felony Class A 10 to 30 years or life

Felony Class B 5 to 15 years

Felony Class C Not to exceed 7 years Felony Class D Not to exceed 4 years

The probation term for a felony conviction is from one to five years (Section 559.016 RSMo.).

In cases of class C and D felonies, the court shall have discretion to imprison for a special term not to exceed one year in the county jail or other authorized penal institution. If the court imposes a sentence of imprisonment for a term longer than one year upon a person convicted of a class C or D felony, it shall commit the person to the custody of the Department of Corrections for a term of years not less than two years and not exceeding the maximum authorized term.

Section 558.016 RSMo. Extended Terms for Persistent Offenders (guilty of two or more felonies committed at different times) and dangerous offenders (guilty of a prior Class A or B felony and knowingly murdered or endangered the life or inflicted serious physical injury on another person):

Class A felony: any authorized sentence for a Class A felony Class B felony: any sentence authorized for a Class A felony Class C felony: any sentence authorized for a Class B felony Class D felony: any sentence authorized for a Class C felony

Section 558.018 RSMo. Persistent Sexual Offender. A person guilty of forcible rape, statutory rape 1st degree, forcible sodomy, statutory sodomy 1st, or an attempt of any of the designated offenses shall be sentenced to not less than 30 years without probation or parole if the defendant has a prior finding of guilt for forcible rape, rape, statutory rape 1st degree, forcible sodomy, sodomy, or statutory sodomy 1st.

Section 558.018 RSMo. Predatory Sexual Offender. A person guilty of forcible rape, statutory rape 1st degree, forcible sodomy, statutory sodomy 1st or an attempt of any of the above designated offenses or child molestation 1st, class B felony or sexual abuse, class B, and i) who has a prior finding of guilt of one of the designated offenses or ii) has committed such an offense whether or not there was a conviction or iii) has committed the acts against multiple victims whether or not the defendant was charged is so designated. A predatory sex offender shall be sentenced for life with eligibility for parole. The sentence shall not be discharged. The minimum prison term, to be set by the courts, is 30 years, except when the defendant has previously pleaded guilty to child molestation 1st or sexual abuse when the minimum prison term is 15 years. Defendants without a prior finding of guilt for the designated offenses shall serve any authorized sentence if the defendant had not been sentenced as a predatory sexual offender.

Section 558.019 RSMo. Minimum Prison Terms for persons with prior prison commitments by the Department of Corrections {excluding regimented discipline (Section 217.378 RSMo.), 120-day programs (Section 559.115 RSMo.) or the long-term drug program (Section 217.362 RSMo.)} and serving a sentence other than in Chapter 195 RSMo. (drug offenses)are:

One prior commitment -- 40% of sentence (or until the age of 70 with 30% of the sentence served);

Two prior commitments -- 50% of sentence (or until the age of 70 with 40% of the sentence served);

Three or prior commitments -- 80% of sentence (or until the age of 70 with 40% of the sentence served);

Guilty of a dangerous felony -- 85% of sentence.

In addition, there are enhanced sentences and minimum prison terms for persistent and predatory sexual offenders (Section 558.018 RSMo.), prior and persistent domestic violence offenders (Section 565.063 RSMo.) and prior and persistent drug offenders (Sections 195.285 to 195.296 RSMo.).

Parole Restrictions

Armed Criminal Action (Section 571.015 RSMo.). For the first conviction, the minimum period is three years; for a second conviction, the minimum period is five years and for the third conviction, the minimum period is ten years.

Pharmacy Robbery in the first degree (Section 569.025 RSMo.). The minimum period is ten years.

Pharmacy Robbery in the second degree (Section 569.035 RSMo.). The minimum period is five years.

Capital Murder (Section 569.001 RSMo.). The minimum term is 50 years.

Sex offenses. Offenders imprisoned for sex offenses shall complete the Missouri Sex Offender Program before release to parole (Section 589.040 RSMo.).

Unlawful Use of a Weapon (Section 558.016 RSMo.). Prior offenders shall serve at least ten years. Persistent offenders are not eligible for probation, parole or conditional release (Section 571.030 RSMo.).

Prior or Persistent Domestic Violence Offender (Section 565.063 RSMo.) shall serve a minimum of six months before probation or parole.

Aggravated and Chronic DWI Offenders (577.023 RSMo.). Aggravated offenders must serve at least 60 days and chronic offenders at least two years before probation or parole.

High School Diploma/GED. The Board shall not order a parole unless the offender has obtained a high school diploma or its equivalent unless the offender has made a good-faith effort. (Section 217.690 RSMo.).

Non-Parole Offenses

Murder First Degree (Section 565.020 RSMo.), Persistent Sexual Offender (Section.558.018 RSMo.), Tampering with Victim/ Witness (Section 575.270 RSMo.), Drug Trafficking Offenses (Sections 195.222, 195.223, 195.291, 195.292, 195.295, 195.296 RSMo. in some circumstances.).

Dangerous Felonies (556.061 RSMo.).

The list of offenses defined as dangerous felonies on June 30, 2005 are:

Forcible Rape, Forcible Sodomy, Robbery 1st, Murder 2nd, Kidnapping, Arson 1st, Assault 1st, Attempted Forcible Rape with physical injury, Attempted Forcible Sodomy with physical injury, Assault of a Law Officer 1st, Domestic Assault 1st, Elder Abuse 1st, Statutory Rape when the victim was less than 12, Statutory Sodomy when the victim was less than 12, and Abuse of a Child if the offense results in the death of the child.

Alternative Sentences

The expression "SHK/TRT" in the sentencing grids means any shock time, assessment or treatment, 120-day, 180-day or long-term drug program as specified in statute (Sections 559.115, 217.362, 217.364, 217.378 RSMo.).

Eligibility for shock or treatment programs

Excluded are persons who have been convicted of murder in the second degree pursuant to Section 565.021 RSMo; forcible rape pursuant to Section 566.030 RSMo; forcible sodomy pursuant to Section 566.060 RSMo; statutory rape in the first degree pursuant to Section 566.032 RSMo; statutory sodomy in the first degree pursuant to Section 566.062 RSMo; child molestation in the first degree pursuant to Section 566.067 RSMo, when classified as a class B felony; abuse of a child pursuant to Section 568.060 RSMo, when classified as a class A felony; an offender who has been found to be a predatory sexual offender pursuant to Section 558.018 RSMo; or any offense in which there exists a statutory prohibition against either probation or parole.

If the recommended sentence is an institutional shock or treatment program and the offender is ineligible or the offender has already been placed in a similar program within the last three years, then the recommended sentence shall be either a longer or a more intensive treatment program or a prison sentence. The recommended term sentence will normally be the minimum authorized sentence.

<u>Time Limitations</u> 556.036 RSMo. 1. A prosecution for murder, forcible rape, attempted forcible rape, forcible sodomy, attempted forcible sodomy, or any class A felony may be commenced at any time. 2. Except as otherwise provided in this section, prosecutions for other felony offenses must be commenced within three years.

GLOSSARY OF TERMS

<u>Community Structured Sentence (CSS)</u>. A community structured sentence indicates a higher level of supervision than probation. The supervision can include a requirement to complete either a substance abuse or other rehabilitative program. The range and availability of community structured sentences are described in Community Structured Sentences, page 24.

<u>Felony Class</u>. The felony class as defined in statute. For the purposes of the Recommended Sentences most unclassified felony offenses have been converted to a class (A to D) based upon an analysis of average sentencing from 1999 to 2005 (May). The exception is Armed Criminal Action. Offenses with an average prison sentence of 10 years or more are assigned Class A, average sentences from 8 to 9 years are assigned Class B, offenses with an average sentence from 5 to 7 years are assigned class C and sentences 4 years or less are assigned class D. The offenses are included in the appropriate offense and felony class group.

Enhanced Sentences

The recommended sentence for an offender sentenced as a persistent offender (Section 558.016 RSMo.) is the recommended sentence for the same offense group one felony class higher than the statutory defined felony class. The same offense group and level of severity applies.

Inchoate Offenses

Convictions of the attempt, accessory or conspiracy are made at one felony class lower than the commitment of the offenses (Chapter 564) for the same offense group and level of offense severity. The felony class is not reduced if the charged offense includes the attempt.

<u>Mitigating</u>, <u>Presumptive and Aggravating</u>. An indicator of whether special circumstances were present either in the commission of the offense or in the defendant's arrest or during pre-sentencing.

Offense Group. Five groups of offenses that have similar sentencing. The offenses are described in Appendix C

Offense Severity. The separation of offense groups into one of the three levels (high, medium, low) to reflect the severity of sentencing practice. Not all felony class and offense groups require three levels of offense severity (DWI is medium). The severity is a statistical calculation using measures of dispersion for two indicators: the average prison sentence and the percent of sentences that receive a prison sentence. If there is no available historical sentencing data the offense severity is set at medium.

Offender Risk. A quantitative assessment of the risk of a person committing further crimes or violating the conditions of supervision. It is based upon a validated assessment of risk by the Board of Probation and Parole and it includes both prior criminal history and other behavioral and demographic factors. The risk score has five levels from Good, the lowest level of risk, to Poor, the highest level of risk.

<u>Percent Prison Disposition</u>. This is the percent of convictions supervised by the Department of Corrections that received a prison sentence. Offenders who received probation or were sentenced under the 120-day or long-term drug statutes are not counted as prison sentences.

<u>Prison Sentence</u>. This is the average sentence of those persons who received a prison sentence. It does not include the prison sentence when the prison sentence was suspended or when the offender was sentenced under Sections 559.115 or 217.262 RSMo. The minimum prison sentence in the Recommended Sentences is shown as two years to reflect the sentencing of offenders when committed to the Department of Corrections. Statute 558.011 RSMo. Section 2 requires offenders sentenced to more than one year to serve a sentence of at least two years with the Department of Corrections.

<u>Prior Criminal History Level.</u> The assessment of prior criminal history includes felony and misdemeanor findings of guilt and jail sentences of 30 days or more for local ordinances. The assessment is described in detail in appendix B, page 128.

<u>Probation.</u> This designates supervision by the Department of Corrections while the offender is serving a term of probation. For the purposes of the recommended sentences, probation includes a pre-sentence drug court and suspended and executed probation sentences.

SHK/TRT. This disposition requires a short prison stay under the 120-day or long-term drug statutes. If the offender is successful, the offender is released to probation under court jurisdiction. If the offender is ineligible for a shock or treatment program, then the recommended sentence is a prison term for the lowest sentence allowed for the felony class (558.011 RSMo.).

<u>Recommended Prison Sentence</u> This is the sentence in years. The minimum sentence for an offender sentenced to the DOC is two years. A recommended sentence of 30 years includes a life sentence if authorized by statute. The sentence does not include a sentence that may be authorized if the offender is sentenced as a persistent offender.

Expected Time Served

The expected time that an offender sentenced to a prison term is shown for each offense. The expected time is based upon the assessment of the risk of re-offending that is computed using the Sentencing Advisory Commission's risk assessment. The assessment is being undertaken as part of Sentence Assessment Report prepared by probation and parole officers when the court requests a pre-sentence investigation.

Two statistics are shown: a parole board guideline percent and an actual percent of sentence served in FY04. Both statistics assume an equivalence between the SAC risk measure and the Board of Probation and Parole' salient factor risk measure. The Board's assessment includes additional institutional factors and the assessment is made prior to the parole hearing. See appendix D for the details of the parole guidelines and the actual time served. Note that actual time served includes time served by offenders with special sentencing conditions such as a minimum mandatory prison term for offenders who have prior DOC incarcerations or who have been convicted of a dangerous felony.

Aggravating Factors

Serious Aggravating Factors

- The offender's conduct was especially heinous, atrocious or cruel.
- The defendant knowingly created a great risk of death or serious physical injury to more than one person.
- The defendant used a dangerous or deadly weapon during the commission of the offense or during the arrest and has not been convicted of an offense that includes the use of a dangerous or deadly weapon.
- Serious aggravating factors shall not be offset by mitigating factors

Other Aggravating Factors

- The defendant was armed with a dangerous or deadly weapon during the commission of the offense or during the arrest and has not been convicted of an offense that includes the possession of a dangerous or deadly weapon.
- The defendant caused severe financial loss to the victim of the offense. There has been loss of business, employment or serious financial loss when the value of the loss is not included in the offense for which the defendant has been convicted.
- The defendant made, or expected to make, a substantial financial gain from the commission of the offense.
- The defendant caused severe physical or emotional trauma to the victim of the offense. The victim has required medical or mental health intervention and the impact of the trauma is not included in the offense for which the defendant has been convicted.
- The defendant committed the offense while under supervision by a federal, state or local authority on another charge.
- Any other aggravating factors reasonably related to the purposes of sentencing, as specified by the court or by the sentence assessment report

Mitigating Factors

- The defendant has made or is making restitution to the victim.
- For offenses related to drug or alcohol dependency, the offender has agreed to enter or has entered a drug or alcohol treatment program and there is a plan for continuing relapse prevention. Not to apply if the sentence involves placement in a drug or alcohol treatment program.
- The defendant used caution to avoid risk or injury to others and caused no injury, financial loss or trauma to the victim. Not to apply when the offender has been convicted of the attempt of the offense.
- The defendant has cooperated with law enforcement.
- The defendant has had a substantial period of crime-free living prior to the commission of the offense (five years or more).
- Any other mitigating factors reasonably related to the purposes of sentencing, as specified by the court or by the sentence assessment report.

SENTENCING ASSESSMENT REPORT

The Sentencing Assessment Report is intended to provide the Court with information regarding risk and related factors necessary in the determination of an appropriate sentencing decision. The report incorporates Sentencing Commission standards in conjunction with an identification of the offender's risk level, based on the nature and severity of the offense, prior criminal history, and other relevant factors. Information is provided in the report to assist the Court in determining the impact of the offense on the victim. The report also provides information to the Court regarding available department programs and resources necessary to support the court's sentencing decision and effectively manage the offender's presenting risk level and factors. In addition, the report provides the Court with parole release eligibility based on the sentence structure and Parole Board salient factor guidelines. This report helps the Department of Corrections with assessment, supervision, and management of the offender.

The probation and parole officer compiles the information for the Sentencing Assessment Report via a guided interview with the offender and an investigative process. The format for the report consists of the Introduction; a Risk Assessment Summary (present offense circumstances and severity, prior criminal history, victim impact, and an assets and liabilities assessment); the Offender Management Plan (community sentence strategy options, institutional program/service options, and reentry/transitional planning considerations); and Conclusion (evaluation and recommendation based on Sentencing Commission standards, parole release eligibility and average time served for offenders with similar risk in the previous fiscal year).

The itemized offender risk score will also be listed.

The Sentencing Assessment Report (SAR) provides valuable information to the Court for its consideration in the sentence decision-making process, in terms of identifying key offender risk indicators, incorporating Sentence Commission standards, and outlining available department resources and strategies necessary to support the Court's sentencing decision.

The results of a survey conducted by the University of Missouri Columbia's Institute of Public Policy to measure the response of judges to the SAR is included as Appendix G.

Sentencing Assessment Report Format

I. Offender Identifying Information

- Name, social security number, date of birth, gender, race
- Court information, including offense class and charge code
- Existence of a plea agreement (if known)

II. Risk Assessment

A. Present Offense Information

- Concise summary of the offense (nature & severity)
- Offender's version

B. Criminal History

Findings of guilt - to include prior and/or present supervision history, incarceration history.

C. Victim Impact Statement

D. Offender Asset and Liability Assessment (including the Offender Risk Assessment)

- Scored Risk Assets: The variables that have decreased the risk score in the offender risk assessment.
- Scored Risk Liabilities: The variables that have increased the risk score in the offender risk assessment.
- Other Assessment Factors: Residency, financial, social/behavioral, physical health family/significant others/associates, and military)

III. Offender Management Plan

Department resources to support the sentencing decision

- Community sentence strategy options (Court jurisdiction)
- Institutional program/service options (Board jurisdiction)
- Re-entry considerations (transitional planning)

IV. Conclusion

Evaluation/recommendation

- Sentencing Commission standards: Prior criminal history level, offense severity.
- The presumptive sentence with the mitigating and aggravating sentences as a range and the officer's recommendation to grant or deny a probationary sentence.
- Total scoring of the offender risk and the risk scale.
- Parole release eligibility (guideline percent of sentence and average percent time served by offenders of similar risk) or special sentencing conditions if they apply.

II. Risk Assessment Summary

A. Present Offense Information

Offense Summary: On 3-29-2004 at about 2:00 P.M. police observed a car being driven by Richard Kiley fail to make a complete stop at a stop sign. Kiley then sped off and stopped in a parking lot where police observed him exit the car and throw two plastic bags across the parking lot.

MoCode: 32495..990

The bags were recovered and determined to contain crack cocaine. Kiley was arrested and a search of his car revealed another bag of crack cocaine underneath the driver's seat. Kiley was found to have numerous active warrants for his arrest. At the police station he stated that he had been returning from a drug run where the buyer failed to show up. While he was driving he observed police behind him, became nervous and tried to speed off to lose police. When he stopped and exited his car he saw police pull up, at which time he threw the two bags of crack cocaine. The three bags of crack cocaine weighed a total of 23.73 grams.

Offender's Version:

When interviewed by this writer concerning the present offense Kiley stated, "I was driving to my cousin's house and I saw two unmarked police cars. They got behind me and I parked on a parking lot and they searched my car and said they found another bag in there. The stuff in the parking lot was not mine. The stuff in the car, I guess it was mine, but I didn't know it was in there . . . But I pled guilty so I might as well say I was selling because I don't want to make it sound like I'm lying." Asked a question to determine if he had any remorse for his actions, Kiley stated, "I feel bad about it. I got two kids, I'm twenty-seven years old, I believe there's more to life than this."

Co-Defendants: None

B. Criminal History

DATE	LOCATION	OFFENSE	DISPOSITION
04-10-1996	St. Louis City	Poss. C/S (F)	PG: Probation

Cause #XXX-XXXX: Police reports regarding this arrest reflect that police observed Kiley sell two pieces of crack cocaine to another man on a vacant lot. After being arrested, Kiley was found to have several more pieces of crack cocaine in his possession. He pled guilty to Possession of a Controlled Substance – Cocaine (F) on 02-19-1997 and was placed on a two year SIS probation. On 03-01-1999 that probation was continued for two years. Kiley completed the probation on 02-18-2001. While on this probation he incurred violations for a new arrest, failure to report, failure to complete community service, failure to maintain employment, failure to complete the Day Report program, and drug use.

In addition to the above conviction, Kiley has incurred arrests for the following offenses which were not prosecuted, dismissed, or whose dispositions could not be determined: Possession of Controlled Substance (F), Tampering 2nd (F), Possession of Marijuana (M), Tampering 2nd (M) Domestic Assault 3rd (M), Making False Declaration (M), Trespassing on Private Property (C), Minor in Possession of Intoxicants (C), Peace Disturbance (C), Possession of Controlled Substance (C), Gambling (C), and Street Demonstration (C). He has also been convicted of numerous traffic offenses, some of which resulted in brief jail sentences.

C. Victim Impact

<u>Victims Name(s):</u> State of Missouri

<u>Does Victim Want to Testify at Sentencing:</u> N/A

Victim Impact: N/A

D. Offender Asset and Liability Assessment

<u>Risk Assets:</u> No prior prison incarcerations; 5 years conviction/incarceration free prior to assessment; no revocations of probation/parole; Present offense not recidivist related; No prior escapes;

<u>Risk Liabilities:</u> One prior finding of guilt; substance abuse history; high school dropout; unemployed and at time of commission of present offense.

Kiley dropped out of Sumner High School while in the ninth grade and has not since furthered his education, though he expressed an intention to attend GED classes. He is currently unemployed, having last worked several months ago on an occasional basis with a temporary service. He has a sketchy prior work history, saying his most significant job has been laying carpet with an uncle on and off since the age of nineteen. He has no significant physical or mental health history. He described himself as a casual drinker whose use of alcohol has never been problematic. Kiley related that the only illegal drug he has ever used is marijuana. He began smoking that drug at the age of eighteen. Kiley said he smoked that drug frequently for a couple of years until placed on probation. While on probation he tested positive for marijuana use in 1997 and 1999. He claimed he has not smoked marijuana in three or four years. He reported that he has never attended substance abuse treatment, though his probation records say he was referred to a substance abuse education class in 1999.

Other Assessment Factors: Kiley is one of two children to Sheila Kiley and Dan Thrill. His parents did not marry and split up when he was a small child. Kiley said he has never really had a relationship with this father and has not had contact with him in about seven years. Kiley was raised primarily by his mother and an aunt. He reported a decent childhood and denied any juvenile legal history. He has never married but has been involved in a serious relationship for the past couple of years with Barbie Dall. They have discussed marrying in the future. They have a sixmonth-old daughter, Ali. Kiley also has another child, seven-year-old Richard, Jr. from a previous relationship with Becky Thatch. That child lives with Thatch and Kiley has weekend visits. He does not pay formal child support but claimed he helps financially with his son.

III. Offender Management Plan

<u>Supervision Plan:</u> The primary component of either an institutional or community placement is the need to reduce Kiley's risk level by addressing his association with drugs, his lack of education, and his lack of employment.

Home Offer: If placed on probation, Kiley will reside with his girlfriend at 8653 Fox Circle, Apt. A, Lemmings, MO 63111, Ph: xxx, Cell Ph: xxx. He will be supervised by District XX.

Employment Offer: To Be Obtained

<u>Strategies/Community</u>: Probation or Community Structured Sentencing. Special conditions may include: Shock jail time; CHOICES program; Community Service; REACT program; Post-plea Drug court or other substance abuse treatment; obtain GED

<u>Strategies/Institution:</u> Shock Incarceration Program (SIP) or Institutional Treatment Center (ITC), both pursuant to RSMo 559.115. Kiley's projected in date for either program is 07-11-2005.

IV. Conclusion

<u>Criminal History Risk Level:</u> Level II (No incarcerations and no more than two felony convictions.)

Offense Severity: Drug Offense, Class A felony, MEDIUM.

Sentencing Commission Recommendation:

PRESUMPTIVE: Community Structured Sentencing

Mitigating: Probation

Aggravating: Shock Probation or Drug Treatment

Probation Officer's Recommendation:

X	Grant Probation/CSS on conditions set forth in Offender Management Plan.
	Deny Probation/CSS; refer to Offender Management Plan.
	Deny Probation/CSS with consideration for institutional treatment center placement; refer to Offender Management Plan
	Probation Officer's Recommendation Not Applicable; statute requires mandatory prison sentence.

Respectfully submitted,

Note: There are no Parole Guideline or actual prison time served information in this example because the Sentencing Commission range of recommended sentences did not include a prison sentence.

HOW TO FIND A RECOMMENDED SENTENCE USING THE MISSOURI CHARGE CODE

The following list of Missouri charge codes includes the codes for the felony offenses of offenders that have been received or supervised by the Missouri Department of Corrections since 1999 and all active charge codes for felony offenses. Active codes include codes created for new crimes and other statutory changes made during the 2005 legislative session. New codes are given medium offense severity until actual sentencing data can establish the severity.

Repealed offenses are listed for the sentencing of offenders who committed offenses in earlier years but which are within the statutory time limits for prosecution (556.036 RSMo.).

Attempts and Persistent Offenders

The list of Missouri codes includes the recommended sentence and expected time served for offenders found guilty of the commission of the offense. If the offender is guilty of the attempt of the offense or is being sentenced as a prior and persistent offender under 558.116 RSMo. then the recommended sentence is found by referring to the offense group matrix for the same offense severity and choosing one felony class lower for attempted or one felony class higher for persistent offenders. Note that the reduction of the felony class does not apply when the charged offense includes the attempt.

For an explanation of terms such as prior criminal history and expected time served reference should be made to the Glossary of Terms and to the Appendices.

The major categories of offenses are shown on page 37. The major category is defined by the first two digits of the Missouri Charge Code.

Unclassified Felonies

The recommended sentences are based upon the authorized sentences for felonies A through D. Offenses that are unclassified and have been placed in a felony class are indicated as U= followed by the calculated felony class, for example the felony class of offense Forcible Rape, charge code 11008, is described as U=A. The recommended sentences felony classification is explained in the Glossary Of Terms, Felony Class.

EXAMPLES

Stealing

An offender is found guilty of stealing from \$500 to \$25,000. Missouri charge code 15021, Non-violent, Class C, low severity. The chart indicates a range of sentencing from Probation for Level I criminal history to 3 years prison for Level V, (page 50). If the risk assessment was GOOD and the offender was sentenced to prison then the parole guideline term would be 15% and the actual percent of sentence served in FY04 for offenders with a GOOD risk was 26%. If the risk assessment was POOR then the parole guidelines are 50% and the actual time served in FY04 was 66%.

If the offender was guilty of the attempt then the Felony Class is D for a non-violent and low severity offense and the recommended sentence from Probation for Level I to 2 years prison for Level V (Recommended Sentence Matrices, page 18). The expected time served would be unchanged from the commission of the offense because the offense remains in the same felony class group (C&D).

If the offender is sentenced as a persistent offender then the Felony Class is B for a non-violent and low severity offense and the recommended sentence is from Community Structured Sentence (CSS) for Level II to 8 years prison for Level V (Recommended Sentence Matrices, page 18). Note that a persistent offender cannot be placed in Criminal History Level I (no felony findings of guilt). The expected time served statistics for a GOOD risk are: parole guidelines 30% and the actual time served 35%. For a POOR risk the statistics are: parole guidelines 50% and time served 64% (page 139).

Robbery 1st degree

The Missouri charge code is 12010, Felony Class A, violent, medium severity. The recommended sentence range is from 10 years (Level I) to 25 years (Level V), page 42. Because Robbery 1st degree is a dangerous felony the offender cannot be released until 85% of the sentence is served.

DWI chronic offender

The Missouri code is 47417, Class B, DWI, medium severity. The recommended sentence range is from 5 to 8 years, page 116. The offense is for offenders with four prior DWI convictions and the statute requires a minimum prison time of two years before release to probation or parole. Subject to the minimum statutory no parole restrictions the parole guidelines are from 30% to 50% and actual time served from 35% to 64%. Note that a chronic DWI offender cannot be placed in a criminal history level lower than II (No more than two felony findings of guilt and no prior incarceration. An offender found guilty of being a chronic DWI offender may additionally be sentenced as a persistent offender under 558.116 RSMo.

Appendix A

Authorizing Statute: 558.019 RSMo.

- 6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members shall be appointed to a four-year term. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.
 - (2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for offenders convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor sentences are comparable to other states, if the length of the sentence is appropriate, and the rate of rehabilitation based on sentence. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.
 - (3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:
 - (a) The nature and severity of each offense;
 - (b) The record of prior offenses by the offender;
 - (c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and
 - (d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.
 - (4) The commission shall study alternative sentences, prison work programs, work release, home-based incarceration, probation and parole options, and any other programs and report the feasibility of these options in Missouri.

- (5) The commission shall publish and distribute its recommendations on or before July 1, 2004. The commission shall study the implementation and use of the recommendations until July 1, 2005, and return a report to the governor, the Speaker of the House of Representatives, and the President Pro Tem of the Senate. Following the July 1, 2005, report, the commission shall revise the recommended sentences every two years.
- (6) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.
- (7) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.
- (8) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.
- 7. Courts shall retain discretion to lower or exceed the sentence recommended by the commission as otherwise allowable by law, and to order restorative justice methods, when applicable.
- 8. If the imposition or execution of a sentence is suspended, the court may order any or all of the following restorative justice methods, or any other method that the court finds just or appropriate:
 - (1) Restitution to any victim for costs incurred as a result of the offender's actions;
 - (2) Offender treatment programs;
 - (3) Mandatory community service;
 - (4) Work release programs in local facilities; and
 - (5) Community-based residential and nonresidential programs.
- 9. The provisions of this section shall apply only to offenses occurring on or after August 28, 2003.

The scoring of the risk factors are subject to review. The Department of Corrections is conducting a research study based upon fiscal year 2001 prison releases and probation openings to validate the risk instrument. The results are expected by July 2005.

The Offender Risk Score

The range of possible scores for the offender risk scale ranges from 7 to -8 and the scaling is shown in the table below.

Definitions of the Risk Factors

1. Prior Unrelated Misdemeanor Findings and Jail Sentences

SIS and SES misdemeanor probations and jail sentences (including ordinance violations) of 30 days or more identified at the time the report is completed. Concurrent or consecutive sentences adjudicated by the same court on the same day count as related findings of guilt.

2. Prior Unrelated Felony Findings of Guilt

All felony SIS and SES felony probations and sentences of at least 30 days. Concurrent or consecutive sentences adjudicated by the same court on the same day count as related findings of guilt.

3. Prior Prison Incarcerations

Any commitment to a state or federal prison. Incarceration to a 120-day program pursuant to 559.115 RSMo, the Post Conviction Drug Treatment program, 217.785 RSMo, or the long-term drug program 217.632 RSMo will count as an incarceration even if the offender successfully completed the program, was released to probation supervision and completed the term. Mental health commitments are not considered as incarcerations. Imposed military sanctions do not count.

4. Five Years without a Finding of Guilt

The time from release from prison or from a jail sentence of 30 days or more or from the start of the last term of probation supervision until the time the report is completed.

5. Revocation of Probation and Parole

Revocation of state or federal adult probations, paroles, conditional releases and revocations resulting in a jail sentence of 30 days or more.

6. Recidivist-Related Present Offense

The present offense OR an unexpired sentence the offender is still serving at the time the SAR is completed (i.e. an SIS or SES probation, parole or prison term), related to the following offenses: Burglary 1st/2nd, Robbery 1st/2nd Pharmacy Robbery, Stealing a Motor Vehicle or tampering with a motor vehicle. This includes attempts, conspiracy or accessory charges.

7. Age

The age of the offender at the time the report is prepared.

8. Escape

A Missouri or out-of-state finding of guilt for escape or attempted escape from any jail or prison facility, or an institutional conduct violation for escape from a mainline prison or a status code exit for escape..

9. Substance Abuse

The existence of a substance abuse problem is determined through review and consideration of all available collateral information (DOC Substance Abuse Classification Assessment (SACA), criminal history, treatment history, file material or other evidence of substance abusing behavior).

The SACA is done at the time of the Sentencing Assessment Report if one has not been completed within the last twelve months. If more than one SACA exists for an offender, the last assessment will be used to score the variable. A new sentence for drug or alcohol related activity subsequent to the last SACA will indicate a substance abuse problem. Substance abuse is scoring 3 to 5 on the SACA.

10. Education

A verified high school diploma or GED or enrollment in high school or GED class at the time the report is prepared.

11. Employment

The employment status at the time of arrest unless the offender gains employment prior to sentencing. Full time employment is 35 hours or more per week. Homemakers, retirees, seasonal employees and disabled persons as classified as part time.

Appendix D

The Board of Probation and Parole Guideline Matrices showing the guideline prison time in months

Notes:

A separate Drug Offenses Guideline Matrix has been developed by the Board of Probation and Parole and the Board plans to be introduce the new matrix before the SAR is introduced statewide. Drug offenses are currently included in non-violent offenses.

Min. is the minimum of the guideline range and Max. is the maximum of the guideline range. For offenders with a Poor risk (the highest risk) the maximum of the range is the conditional release date. For sentences under 10 years, the conditional release date is two-thirds of the sentence. For sentences from 10 to 15 years, the conditional release date is three years before sentence completion and for sentences over 15 years, the conditional release date is five years before sentence completion.

The Board of Probation and Parole's **Excellent** risk category is equivalent to the Sentencing Commission's **Good** risk category.

Note:

The statistics on expected time served assume a one to one association between the SAC offender risk score and the Board of Probation and Parole's salient factor score. The Court's **Good** category is equivalent to the Board's **Excellent** category.

Time served for DWI class A&B is scored off the Non-violent A&B scale.

Actual time served includes time served by offenders with special sentencing conditions such as minimum mandatory prison terms (MMPT) of 40%, 50% or 80% for offenders with prior DOC incarcerations or convictions for dangerous felonies (85%).
